Got it.. so, we do not have Society checks yet? I will compile that list of who to make the check out to and then give it to Tiffany.

The checks need to come from the Society.

As I discussed with Martin before he left on his trip, the funding of the checks should come from Kao family accounts, best if Tiffany writes them to the society but Martin can.

While we can potentially start with Navatek funds and pass them on as a distribution, we're better off having that firebreak in between.

Martin was CC'd on that email, but he's so focused on other things that I would still like an email going out to everyone, so they all know that this has come from Martin himself and prevents us from sending the wrong message to other Universities we have yet to pitch this at.

Thank you,
Lori

I assume that he has been made aware of this given the message of the email from him this morning.

Maybe, send Duke an email about how to pitch it leaving Navatek out of it? And of course cc' everyone involved in this?

LORI - Question, for the scholarship donation, I was told Navatek will have nothing to do with it, instead it all comes through SYWSE, right?

MARTIN - Yes. SYWSE is making the donation. Not Navatek. The endowed scholarship is fine. It's only \$5K a year.

Sincerely,

Lori
